Hello Denise,

I have made a PDF chart and report from the information that I have on the Byngs. They are zipped up and attached to this email. I hope that you can read them. Note that the chart is good for viewing on screen but won't print unless you have a very big printer! In 1891 I have Rose born ca 1878 living in Red Cross Lane, Bromsgrove.

Thank you for the info - I will have to go into the computer room at work as my computer freezes when I try & open an attachment and I only have a Canon printer.

I have the family in the 1881 census living in Holbeck in Yorkshire with Rosy aged 2; Jos & family were still living in Red Cross Lane in 1901 although by then Rose was living in St John Street with her husband (John Cooke) & 3 children; my grandfather was her 4th child , although I never knew him

I had my tongue in my cheek when I said you'd need a big printer. The file is only suitable for viewing on screen. If you can read it OK then let me know whether you want a version that prints on lots of A4 sheets that you can stick together.

I wonder why they went to Yorkshire and then came back?

Hi there,

having no luck at all opening the attachment even the computer whizz at the local library cannot work out why.

I have genuinly been looking for the type/size of printer that can tun off a complete tree so i thought that you must have one; they do not seem to exist except at specialist firms who will run off the tree for you.

I suspect that they went to Yorkshre to earn more money; they were there long enough to have two children born in Leeds/Holbeck. I also noticed that they only had daughters until they went North & the the fifth child was a son - suggests an improved diet i.e. more money if the stuff i read in the papers a couple of weeks ago is anything to go by.

I think you will have to send it in a format that be printed off,

Thanks,

Dee, Birmingham

OK, here are the PDF files, not zipped up. I hope that you can read them this time. I've added a version of the tree that prints on 4 pieces of A4 size paper. They can be read with Adobe Acrobat Reader

Specialist shops probably sell printers that will print A2 and bigger, but the price will probably be in the thousands of dollars and they will use lots of expensive ink...

Hello Martin,

Thank you - we have lift-off. Managed to open attachmeent & print off.

Where did you get the info?

There were a couple more after Percy (incidentally he was listed as an 'Imbecile' in the 1901 census) , Blanche & someone whose name I cannot remember at the moment & I am not a home at the moment.

Borneo eh? Curiosity forces me to ask - working? holidaying? living?

Most of the info comes from census returns. So far I have only been ordering certificates for close relatives. I think that there are references at the end of the report so you can check all the information for yourself.

I expect so, I really need to do more with the 1881 census but I don't have access to the site at work and I don't have time at home.

Working. I spend a month here on an oil rig then I get a month at home in Thailand with my family.

In more detail, I get the 1851 census information from a transcript of the 1851 census of Worcestershire publised by S & N Genealogical Supplies. I am waiting for someone to publish a good scan of the pages so that I can check the data.

I have a scan of the 1861 census pages for Worcestershire from Archive CD Books <<http://www.archivecdbooks.com>> which I have to search through by hand.

As you probably know a transcript of the 1881 census is online at <<http://www.familysearch.org>>

I search for births, marriages and deaths on <<http://www.freebmd.org>>. They are starting to put up scans of the index as well as the searchable database.

Hello Martin,

I went to Worcester local studies department this week & looked up some stuff. I have found another child of Josiah Byng(the elder). Charles who died at about the age of about 8 months. It seems that Josiah married Ann Pendrous on 1st March 1840 & their first child, Charles was baptised on 3rd September 1840, he was buried on 2nd May 1841. Their next child was William, baptised on 25th April 1841. Swithin was baptised on 5th May 1845. Also found some other interesting stuff but I need to sit & go through it properly.

Thanks for the information. I envy your access to original records in the UK!

The baptism for Swithin is interesting. He does not appear in the 1851 census and in the 1861 census he is 10 years old, i.e. born ca 1851.

Hope the sorting goes well!

Hello Martin,

I have just had a look at Ancestry.co.uk & found a Swithin Bing whose birth was registered in the December quarter in 1844. Unfortunately It will be at least six weeks before I can get back to look stuff up in Worcester.

However, I also found a marriage of Swithin Byng (father Josiah Byng) & Jane Wheeler on March 27th 1869. The age for both of them is given as 18 so that would give him a birth year of c1851. I wonder if their were two Swithin's, one of whom died young so the later one was named after him? I suppose I will just have to be patient & wait until I can go through the burial register. If I can get to work out how to use a scanner & send a attachment (at work) I will send you a copy.

Dee

PS which one of the children of Josiah & Ann Pendrous are you descended from?

I have seen this a couple of times with other families.

Um, none of them as far as I know. A distant cousin (Mary Jane Lammas)
married Abel Byng and I tend to collect extra names because the
communities were so small that there is a fair chance that other links
will turn up.

For example, Abel and Mary Jane's daughter Mary Ann Lammas was my second
cousin twice removed. She married Benjamin Chance, also my second cousin
twice removed (Benjamin and Mary Ann were second cousins)

To answer your questions in reverse order: I work on an oil rig so I
have 4 weeks at work where I need a hobby. I don't do any genealogy
during my 4 weeks at home. Too busy with this generation and the next!

I use a program called Reunion by Lister Software. It runs on the Apple
Mac OS and is really easy to use. The family trees and reports are
generated automatically by the program.

I'll be happy to input some of the data for you if you email it to me. I
can make some charts and stuff as well. Also there is a data exchange
format called GEDCOM. I can send you the family tree as GEDCOM so that
you can import it into any software that you might use. That's how I
upload the tree to GenesReunited.

Unfortunately I can't upload the files at work so the next update to
GenesReunited will be on my way back home in December.

So feel free to send me the data and I will gradually type it in. Please
include any references to sources if you have them.

Cheers.

Martin

Thank you

It isn't available as a download, a list of dealers is on the Leister

BUT if you are using Windows this program will NOT work for you. It is
Apple Macintosh ONLY!!!

Hello Martin,

hope you enjoyed your leave with the family.

If you would like to add some more descendents to the Byng tree would you add the following details,

Rose Byng (daughter of the younger Josiah) married John Guttridge Cooke
(born Princethorpe, Rugby)

Eldest child Emily Cooke born 1897

Second child John Cooke born 1898

Third child William Cooke born 1899

Fourth child Denis George Cooke born 1901

all born in Bromsgrove..

Denis G Cooke married Nancie Alberta Marjorie Osborne (born 1905 in Stock
Green Nr Feckenham) in 1923

their only son was Geoffrey Denis Cooke born in 1924

Geoffrey married Esmeralda Roper in 1946

Their two children are Denise Irene Cooke and Geoffrey Thomas Cooke.

Can I give your e-mail address to a couple of other Byng descendents with
their info? Obviously if you would prefer me not to I won't.

If I do not get chance to go on the net before I hope you have an enjoyable
Christmas,

Thank you, I wish you all the best for Christmas and the New Year too.

By the way, a book on the history of Bromsgrove mentions a link between the Byngs of Bromsgrove and the Admiral Byng who was executed on the quarter deck of his flag ship after being convicted of cowardice. He was widely seen as a scape goat at the time, I think.

Hello martin,
here is some info I received from a Jean Byng. Hope you can make sense of
it,
Dee

Josiah (son of William & Elizabeth #3). Married Ann Pendious 1/3/1840 & he
was christened 23/4/1821. William (son of William & Ann) Married Elizabeth
Kimberley 5/9/1812 & he was christened on 25/12/1792. William (son of
William & Elizabeth #2) Married Ann Smith 25/6/1792 & he was christened
14/9/1771. William (son of William & Elizabeth) Married Elizabeth Lewis
17/11/1770, he was christened on 25/5/1750. William (son of William & Mary)
married Elizabeth Grove 29/9/1742, he was christened on 5/2/1720 or 1721.
William BING married Mary Buckstone at Alvechurch 27/5/1705. That's as far
back as I go. All these William's & Elizabeth's !!! One can get very confused
so I hope you can make all this out. It also looks like the BYNG name
originates from BING. It seems to have changed with a different vicar around
the time of Josiah (the eldest) baptism
